

Grand Commandery of Knights Templar of Pennsylvania

Membership Goals by Commandery

Beginning with the Commandery year starting May 1, 2011, all Commanderies in Pennsylvania will be issued a membership goal. This goal gives Commanderies a solid and objective target to work towards membership growth. This sheet is provided as an informational tool so that Commanderies can get an idea of what their goal may look like and to better prepare them for success. The information on this sheet is unofficial and will be updated and distributed when the program takes effect.
